TEACHER'S DAY

OCTOBER 4, 2020

Teachers' Day is a special day for the appreciation of teachers, and may include celebrations to honor them for their special contributions in a particular field area, or the community in general. In addition to teachers, all the staff members are also honored by the THE school's management during this event.

All the staff members of Eadad International Academy and Ayalna Kindergarten/Nursery attended the event.

Ms. Jocelyn, principal of Eadad International Academy, and Ms. Marwa, principal of Ayalna Kindergarten – Markhiya branch mainly hosted the event, while Dr. Abdulrahman and Mr. Yousef presented the certificates to all the staff members.

Mr. Jodelle (IT Officer) and Mr. Souhail (PE Teacher) were both chosen as the staff and teacher of the month for Eadad International Academy.

MOST IMPROVED STUDENTS OF SEPTEMBER

Research has proven that recognition of one's efforts is more highly valued than money. Why should such a valuable tool be limited to a workplace or to a narrow spectrum of high achievers? Imagine the profound effects on an ordinary student who is recognized for simply doing his or her best—an increased level of self-confidence, a sense of accomplishment and respect among the peer group. Such a feeling of accomplishment may carry forward throughout their lives and ultimately improve our world as a whole. In this event, the effort and performance of the students are recognized. The awards were given to the students personally by Dr. Abdelrahman.

Here is the list of September's awardees:
